This plan is available on the Town's website and is provided in accessible formats upon request.

Customer Service

Assistive Devices

The Library will encourage the use of personal assistive devices by persons with disabilities to access the library's collections, resources, facilities and services. The Library will provide at least one computer workstation at each location which is equipped with assistive technology and a range of accessibility features. Library staff will be trained in their use and will support their use by others. Additional assistive technologies may also be made available for loan or for in-branch use.

Exceptions may occur in situations where the Library has determined that the assistive device may pose a risk to the health and safety of the person with a disability or to the health and safety of others on Library premises. In these situations, the Library may offer a person with a disability other reasonable measures to assist in obtaining and using Library services, where the Library has other such measures available.

It is the responsibility of the person with a disability to ensure that their assistive device is operated in a safe manner at all times.

Service Animals

Persons with disabilities are permitted to be accompanied by their service animals and keep those animals with them in areas that are open to the public when accessing library resources, services and facilities, unless otherwise prohibited by law.

In the event that a service animal is prohibited from the premises, the Library will ensure that other measures are available to enable the person with a disability to obtain, use or benefit from the Library's resources, services or facilities.

If it is not readily apparent that the animal is a service animal or a guide dog, Library staff may ask the person for confirmation of the animal's status, as outlined by the definition of a service animal.

Service animals must be supervised by their owners and kept in control when used to access the Library's resources, services and facilities

The Library will encourage the inclusion and access of support persons accompanying persons with disabilities, when accessing Library resources, services and facilities.
